Package!

Sage Abra HR

Sage Abra HR is designed for those companies with human resources (HR) departments that may be struggling to be more efficient. Abra HR reduces time-consuming clerical work by centralizing, tracking, and reporting employee data that's scattered across multiple systems. Ensure government compliance and avoid company risk by meeting federal and state rules, regulations, and reporting requirements. Abra HR provides powerful tools for managing your employee information.

From developing innovative products to providing award-winning customer support, Sage is dedicated to surpassing your expectations. For more information about Abra HR, please contact your local Sage Business Partner, call us toll free directly at **800-424-9392**, or visit our website at **www.SageAbra.com**

Quick Access to Critical Information

Easily view key employee information, including demographics, insurance and savings benefits, skills, education, compensation, and employee attachments.

Comprehensive Benefits

Track unlimited benefit plans, generate reports, define eligibility criteria, and automatically calculate precise employee, dependent, and employer premium and benefits costs.

Time-Off Management

A full set of features provides for all types of time-off tracking, including vacation, personal, illness, and incident-based time off, such as jury duty, medical leave, and bereavement. Track year-to-date hours against year-to-date hours taken.

FMLA Tracking

Assign regular leaves of absence, manage and report on leaves of absence covered by FMLA, track medical certification and recertification dates, and track FMLA time taken in staggered increments.

U.S. Government Compliance and Reporting

Accurately manage government requirements for regulations such as EEO-1, EEO-4, I-9 citizenship verification, Vets-100A, and OSHA.

Canadian Government Compliance and Reporting

Manage essential data for government reporting and reduce compliance risks with standard reports including EE audit reports, 1-6, OHS accident analyses, and WSIB Employer's Report Form 7 (Ontario).
Applies to version 10 only.

COBRA and HIPAA Compliance

Access automated, personalized notification letters that describe coverage options and costs, billing statements and mailing labels, and complete eligibility reports for COBRA management. Includes a Certificate of Coverage report showing proof of previous health insurance for HIPAA compliance.

Security

Sophisticated, multilevel security options allow you to control which groups have access to data at any level—even field level.

Powerful Reporting Tool

Over 100 standard reports can be previewed, printed, and exported. Includes Crystal Reports® Professional for customized and more complex reporting and analysis.

Analysis Tools

Quickly evaluate using analysis tools in critical areas such as salary, turnover rate, and performance issues.

Easy Import/Export Capabilities

Select your own import/export criteria with the ability to establish reusable templates and transfer critical HR information on a routine basis, quickly, and accurately.

The screenshot displays the Sage Abra HRMS software interface. The main window shows the 'Current Pay' details for an employee named Donald A. Adams. The interface includes a menu bar (File, Edit, Actions, Processes, Analysis, Reports, Rules, Details, Query, Help) and a toolbar with icons for Personal, Job and Pay, Benefits, Time Off, Payroll, Safety, Career, and Custom. The left sidebar lists various tasks and processes. The main content area shows the following data:

Employee	Donald A Adams	SSN	232-09-8027

Payroll

A comprehensive yet flexible solution, this system includes all the functionality needed to process payroll accurately and quickly. Includes: U.S. and Canadian tax management and compliance, comprehensive reporting, check printing, direct deposit, payroll ESS, and more.

Sage TimeSheet

An electronic web-based time collection and approval option, Sage TimeSheet simplifies and automates time entry into Abra Payroll. It easily integrates with Abra Workforce Connection with automatic email reminders, on-line approval processes, and the ability to capture and assign labor costs.

OrgPlus

Use this organizational charting software for companywide communication and planning. It provides chart creation, customization, publishing, printing and sharing, schedule updates, and integrated data management.

Alerts

Automate your company's employee communications, monitors critical HR functions, and streamline your HR and payroll processes. Proactively and automatically send emails and reports to management, HR and payroll administrators, employees, and applicants.

About Sage Abra

As the longest-running HRMS solutions provider, Sage delivers flexible, scalable, and comprehensive tools to help you automate and improve your business processes and produce the information you need to better manage your workforce. Unlike other systems, Sage Abra is the only solution that combines low cost, ease of use, and the ability to dynamically share information with executives, managers, and others both inside and outside your organization. Sage Abra is comprised of HR, payroll, benefits, training, and compliance solutions developed specifically for mid-sized businesses. Its flexible design provides a comprehensive array of features and the powerful reporting and analysis capabilities needed to efficiently manage your workforce.
