A member of Sage FAS Gov — an integrated fixed asset management solution.

FAS Gov Asset Accounting provides easy-to-use fixed asset accounting and reporting features for government, school, and non-profit organizations needing effective decision-making tools in integrated accounting environments and helps them comply with GASB 34/35 requirements. FAS has successfully served organizations for over 20 years and is used by the "Big Four" accounting firms. Giving you a complete overview of your fixed assets at every stage, FAS Gov Asset Accounting is the perfect solution for your GASB 34/35 needs.

The comprehensive solution for managing fixed assets.

- Manage entire fixed asset lifecycles from acquisition to transfers and disposals
- Allocate cost and depreciation for individual or groups of assets to more than one funding source
- Integrates with your General Ledger solution and proprietary systems
- Custom Report Writer option enables graphics, drilldown, and batch reporting capabilities
- Password security on user-defined menu levels
- Powerful Import/Export Helper with easy-to-use wizards

(over, please...)

- Flexible depreciation—including both standard and customized depreciation methods
- Over 20 ready-to-use fixed asset reports

FAS Gov Asset Accounting

Simple, straight forward, and fast—the easiest-to-use depreciation calculation engine in the industry.

Customizable features help increase productivity.

- Easy-to-use reporting tools for creating detailed custom reports
- Fully customizable data entry fields
- Powerful allocation feature distributes fixed asset cost and depreciation to multiple funding sources
- Customizable “SmartLists” give users defined drop-down lists, for fast and accurate asset entry
- Customizable “Group Manager” helps you organize and view only the assets you’re interested in
- Extended user fields and asset descriptions
- “Asset Templates” promote data integrity and accelerate the process of entering new assets
- Ability to copy organization data to another organization
- Record important details by attaching notes, photos, or documents to individual assets
- On-screen asset budgeting projections
- Ready-to-use GASB compliant reports for year-end financial statements

The Sage FAS Gov family includes:
